

Jacksonville Daily Journal.

JACKSONVILLE, ILLINOIS, FRIDAY MORNING, AUGUST 18, 1905.

RECIPROCITY RESOLUTIONS

A DISCRIMINATING TARIFF FAVERED

Governor Cummins, of Iowa, Sounds the Keynote of the Reciprocity Convention at Chicago—Other Speakers.

Chicago, Aug. 17.—The reciprocity conference called to devise means of bettering trade relations between the United States and foreign countries finished its work to day, arranged for a committee to prosecute the plans of the convention and formed a permanent organization styled the American Reciprocal Tariff League.

Resolutions were adopted advocating a minimum and maximum tariff as a means of relieving the situation with which this country is confronted and suggests that such reciprocal concessions be arranged by a permanent tariff commission, to be created by congress and to be appointed by the president.

The principal speaker to day was Governor Cummins of Iowa, who in a speech full of fire and eloquence hurled defiance at the enemies of reciprocity. Cummins brought the audience under his spell, and except when interrupted with unanimous applause, he held full sway for three quarters of an hour.

Chicago, Aug. 17.—Governor Cummins, of Iowa; A. B. Farquhar, of Pennsylvania; E. Rosewater, of Nebraska; W. C. Maybury, of Michigan; Mr. Howser, of Wisconsin, and D. S. Lockbridge, of Indiana, delivered addresses before the reciprocity convention this morning, after which the chairman of delegations were called upon for five-minute speeches. Subsequently the report of the resolutions committee was taken up and considered. Resolutions favoring a maximum and minimum tariff were presented, which advocate a form of reciprocity that will give a low tariff to nations favoring the United States commercially, and a high tariff to those countries which discriminate in their tariff against this country.

Governor Cummins struck the keynote of the conference when he declared that political war must be waged against the "stand pat" in congress and throughout the country. He said, in part:

"Men who to day are exponents of the stand pat theory of government are not protectionists; they are exclusionists; they have no title to leadership of the party of protection, and they are using the policy for a purpose that would indignantly be repudiated by its most distinguished champions were they now in the land of the living. There is no conflict and can be none between protection and reciprocity, if we abandon selfish interests of a particular producer or class of producers and ascend to a higher standpoint from which we may view common welfare. The only justification for interference with absolute free trade is, first, to provide revenue; second, to diversify and increase the products of the country. And it is just as essential and beneficial to our producers to preserve and enlarge their markets abroad as it is to preserve and enlarge their markets at home."

After listening to a number of speeches on the question of the formation of a permanent organization, the reciprocity convention adopted the following resolution and adjourned sine die:

"We recommend that a permanent organization be formed under the style of 'American Reciprocal Tariff League,' and that a committee of fifteen be appointed by the chair to have full power to organize and prosecute the work for which the convention had assembled. The said committee shall have power to increase its membership and to fill vacancies when necessary. That the chairman be requested to confer with the committees on arrangements and the various organizations represented at this convention, and take the time needed for proper selection of suitable members."

EGAN DEFEATED.

Chicago, Aug. 17.—H. Chandler Egan, national amateur golf champion of America, was defeated to day by E. E. Giles, of Pittsburgh, in their contest in the second round for the Exmoor championship cup. Giles played a brilliant clean game and finished 3 up and 1 to play for the 18 holes.

Egan's work to day was not up to his usual standard. Giles' approach was particularly fine while his putting was all that could be asked and he led by 2 up at the turn.

F. C. Newton, Seattle; W. E. Egan, Exmoor, E. E. Giles, Pittsburgh, and G. E. Cilgman, Jr., Homewood, won their matches to day and will contest semi-finals to morrow.

A TRAGEDY IN CHURCH.

Czehiochow, Russian Poland, Aug. 17.—Two policemen were killed and one woman was fatally shot to day by an unknown man at the Church of the Virgin.

The pilgrimage were leaving the church after mass when the assault on the policemen occurred. The pilgrims were thrown into a panic and a fearful crush ensued in which many people were injured.

STEEL BUSINESS GOOD

New Mills, Furnaces and Shops Being Erected in Pennsylvania.

KNOTTY POINTS REACHED

IN PROCEEDINGS AT PORTS MOUTH.

Crisis Near at Hand which will Decide for War or Peace—Much Speculation as to the Outcome.

Portsmouth, N. H., Aug. 17.—Never before, it is said, has such activity been witnessed in the erection of steel mills, furnaces and shops as is now being done in Pittsburgh and the Monongahela valley. The total cost of plants, either just completed, in course of erection, or for which plans have been perfected, is over \$25,000,000, and the capacity of the iron, steel and wire plants along the Monongahela river will be almost doubled when all plants are completed. Over 25,000 men will soon be given employment in these plants in addition to the present working force of almost 50,000 men. Among the companies erecting new plants are the Carnegie Steel company at Braddock and Homestead; National Tube company at Pittsburgh and McKeesport; Jones & Laughlin at Pittsburgh; American Steel and Wire company at Pittsburgh and the Rankin Steel company at Monessen; the McClintic-Marshall Construction company, and the Metal Machine company at Pittsburgh.

A BANKRUPT.

Boston, Aug. 17.—Liabilities of \$20,677 and assets of \$5 were scheduled in a petition in bankruptcy filed here to day by George B. Appleton, of Cambridge. Appleton was clerk in the office of Arthur E. Applebyard, the street railway promoter, who is now contesting extradition to New York where he is wanted on a charge of grand larceny from a Buffalo bank.

CHINESE REBELS.

Amsterdam, Holland, Aug. 17.—A telegram received from Batavia, Dutch East Indies, reports an ugly outbreak among Chinese rebels, who attacked the Dutch post at Rambong, killing two officers and twenty-two men. Only six men of the post succeeded in escaping and these were wounded.

CONFEBS WITH CONGER

The President Seeks to Adjust the Chinese Boycott Troubles.

Oyster Bay, N. Y.—Edwin H. Conger, of Iowa, formerly United States minister to China, and since April ambassador to New Mexico, will return in the near future, if present plans are carried into effect, to China. His mission will be of a semi-diplomatic nature, the specific purpose of which is to allay, if possible, the agitation aroused in parts of the Chinese empire against the use by Chinese of American products.

Ambassador Conger, who has been scarcely more than three months at his new post in the City of Mexico, was summoned to the United States to confer with the president about the Chinese boycott of American goods. He had a long conference with the president to day. While neither the president nor Conger cared to discuss for publication the nature of their interview, it is known the ambassador will not return to Mexico and said nothing had been accomplished. "To morrow," he said, "we will finish articles eleven and twelve."

SEPARATION VOTE.

Christina, Norway, Aug. 17.—Complete returns from last Sunday's referendum on the question of separation of Norway from Sweden show that 363,000 votes were cast for dissolution and 184 against it.

ARCTIC STEAMER.

Bergen, Norway, Aug. 17.—The Arctic steamer Terra Nova, which rescued Anthony Flata and other members of the Ziegler polar expedition, sailed to day for London.

DEAD BODY FOUND.

Philadelphia, Pa., Aug. 17.—The body of man supposed to be Joseph Alexander Thompson, of Pittsburgh, was found on a bench in Fairmount park to day. The cause of death was probably suicide. In a letter found on him the writer claims relationship with the Thaw family.

LAND DRAWING.

Provo, Utah, Aug. 17.—Ray Daniels, of Provo, was the first name drawn from the box at the drawing for homesteads in the Uintah reservation, which began to day. The second name drawn was that of Noah M. Balcomb, of Angora, Colo.

BOYCOTT ABANDONED.

Yokohama, Aug. 17.—The anti-American boycott committee has virtually abandoned the proposed general boycott in accordance with instructions from Shanghai. These instructions merely give advice not to buy American merchandise, though members may sell to Americans. So far American interests here have not been perceptibly affected, owing to the strong stand taken by them.

BASE BALL NEWS.

Minneapolis, Aug. 17.—H. Watkins, of the Minneapolis club to day closed deals which give him pitchers Welsenberg and Britton of the Springfield base ball club. Three "I" league. They will report to Minneapolis next spring.

manifested a sort of desire to couple consideration of disputed points. This might indicate a willingness to bargain at the end. The Russians watched these moves with great interest, waiting for their adversaries to press them, but without showing their hands.

A LONDON VIEW.

London, Aug. 17.—While pessimism reigns supreme in reports from Portsmouth and in newspaper editorials, there exists in official circles in London a strong conviction that the treaty of peace will be the outcome of the conference. The Associated Press is able to state that the British government, which has been kept informed of the progress of the negotiations through Minister Hayashi, is fairly hopeful that a lasting peace will be concluded. A diplomat with whom the Associated Press discussed the question to day, said:

"It is natural for both sides to assume an unwilling attitude and to maintain their respective positions to the point of breaking off negotiations. This has been the practice of plenipotentiaries at every peace conference. I do not believe the plenipotentiaries in this case will leave Portsmouth without signing a treaty. Their responsibility for the continuation of this ghastly war is too serious. Honor in the contest has been won and lost already and a treaty with or without sacrifice on points of difference will affect the prestige of neither."

"Both Russians and Japanese knew practically what terms could be arranged when it was agreed to meet, and the Russians were well aware that the Japanese would want Sakhalin and an indemnity. If the plenipotentiaries keep their temper, I am of the opinion that they are not likely to split on any of the points before them."

In contradiction to persistent assertions that the British government is pressing Japan to ameliorate her demands the minister of foreign affairs informed the Associated Press to day that the government was taking no part whatever in the negotiations. Advice, it was said, had not been asked of Great Britain by her ally and it was not likely to be given unless requested.

Paris, Aug. 17.—Notwithstanding official reticence regarding the exercise of mediating influence for peace by neutral powers it is the general impression in well informed quarters here that pressure is being brought to bear both directly on the plenipotentiaries and in Tokio and St. Petersburg, and the rapidity of negotiations so far is looked upon as a result of these influences.

PYTHON AT LARGE

A Circus Serpent Enters a Philadelphia Store and Causes Trouble.

Philadelphia, Pa., Aug. 17.—A four-foot python, which with three others escaped from an animal fancier's store, to day entered a big dry goods store of its occupants and held up traffic on Market street until it was finally taken in tow by a squad of police.

Shortly after the python made its presence known at 323 Market street, the occupants of the store came pouring out the doors and down the fire escapes.

When the police appeared a man with a penny whistle wanted to precede them. He said he could charm the python, and the "cops" let him try. The piper seemed to annoy the snake, however, and the charmer retreated while the police grabbed. Three held its tail, two grabbed its middle, and three its head and forced it into a bag. Two of the pythons are still at large.

CRUISER AGROUND

White Towing the Bennington to Port the "Chicago" Meets with Misfortune.

San Francisco, Aug. 17.—The cruiser Chicago, flagship of the Pacific squadron, leaving the flag of Admiral Goodrich, went aground close to the lighthouse and fog signal station on Angel island, this harbor, to day. She came up from San Diego with the disabled gunboat Bennington in tow, and accompanied by the hay tug Fortune. A strong ebb of the tide was running and in the current the tow line which was on the Bennington parted. Before her headway could be stopped the Chicago ran her bows up on the bench. The Bennington on her momentum sailed up close to the stern of the stranded vessel before her anchors took hold.

The tug Fortune soon got a line to the Chicago and succeeded in pulling her clear of the bottom, but when she came off she took a sheer that sent her straight for the anchored Bennington. The current carried her down across the bow of the anchored vessel and there was a smashing of metal when they came together. Then the two vessels, at first each other, went drifting on the tide. Both were considerably damaged.

A TEN-ROUND BOUT.

Denver, Colo., Aug. 17.—Kid Herman of Chicago outpointed Charley Neary of Milwaukee and won the decision in a ten-round bout to night.

WIPING OUT THE FEVER

CHEERFUL VIEW TAKEN OF THE OUTLOOK

New Cases Continue, but No Alarm is Felt at the Present State of Affairs—The Mississippi Coast Quarantined.

New Orleans, La., Aug. 17.—Official report up to 6 p. m.:

New cases, 41; total to date, 1,223.

Deaths, 4; total to date, 180.

Aside from the fact that the systematic work of the federal authorities and full compliance by local physicians with Dr. White's request for a report of every suspicious case, and that there again developed a stout total of new cases of yellow fever to day, the local situation continues to give satisfaction. Even the most pessimistic of the community are beginning to take a cheerful view of the outlook, believing there is little danger to be feared from an attack of fever in its present form. Even with the present state of improvement, however, there has been and is to be no relaxation of supreme efforts being made to wipe out the fever.

The discovery of nearly a dozen cases of yellow fever at Mississippi City and the fact that Jackson has tied up the Gulf & Ship Island road by declaration of a quarantining against the entire Mississippi coast, leaves New Orleans the only avenue open to the gulf coast towns.

Several thousand people are here to summer on the coast, including bankers, merchants and professional men. Many have handsome homes there.

Dr. Brady of the marine hospital service went to Waggoner in Jefferson parish, to day to look into the conditions that threaten a spread of the infection. A number of people are ill with the prevailing sickness. They refuse to believe it is yellow fever and are constantly exchanging white and refusing to obey the health regulations.

Dr. A. J. Montz and two nurses went to Sarpy to day, in which vicinity there is a considerable number of cases.

The state board of health had a dispatch to day from Bayou, saying there was a new case of fever there.

Dr. R. B. Letch, of Minnesota, delivered an address to night on his arsenic theory. Dr. Letch is disappointed at the failure of the medical fraternity to cooperate with him in his experiments. The doctors here, however, are practically a unit in the opinion that arsenic will render no one immune to yellow fever, holding that the theory is not new, that it has been tried and that it has been unsuccessful. Meantime, thousands of people here are daily eating arsenic.

THE I. T. U.

Toronto, Ont., Aug. 17.—The International Typographical union eight hour committee this afternoon presented its report which endorses the eight hour campaign now being waged and recommends a strike on Jan. 1st next, against employers who, do not accept the new hours. Samuel Gompers, in his address, recommended the stand the union has taken on the eight hour fight.

YACHT RACES.

Oshkosh, Wis., Aug. 17.—The Pathfinder of Minnetonka came in first in the class "B" race to day in the Inland lakes regatta series, but the Barracouta, of White Bear, entered a protest on the claim of foul on the Barracouta. The Pathfinder also claimed a foul on the part of the Barracouta. The order of finish was as follows:

First—Pathfinder, of Minnetonka, Second—Barracouta, of White Bear.

Third—Priscilla, of Council Bluffs.

Fourth—Oshkosh, Jr., of Oshkosh.

Fifth—Klickitat, of Lake Geneva.

Sixth—Leucadia, of Mendota.

Seventh—Flying Fox III.

After hearing the protest the judge ruled out the Pathfinder. The alleged foul occurred at the starting buoys. Both boats crossed the wrong way. They were sent back and each accuses the other of crowding, each claiming the right of way.

In the class "A" race the Alpha, of White Bear, ran away from the Inland lake fleet and won pretty nearly as she pleased. The Glyndwr was second, but was several minutes to the bad. The Glyndwr suffered from the fact that the safety rail to which the spinaker set was fastened was carried away. The course was twelve miles to the windward and return, called three times. Following the Glyndwr the yachts finished in the following order: Albatross, Pats, Winnebago, Charlotte and Warrior.

DEATHS.

Cleveland, Ohio, Aug. 17.—L. A. Somers, a veteran telegraph man, is dead at the age of 66. He was chief operator of the war department's telegraph, controlling the telegraph service in the city, with headquarters at Washington.

YOU WANT TO

KNOW

IT'S PURE

The ice you use should be as closely inspected as any article of food upon your table. Ice taken from questionable ponds is a constant menace to your health. It is just as cold as pure ice, but while melting in the refrigerator it gives up its impurities, which permeate everything in the box. You can't afford to take this risk—buy **PURE** ice.

We know our ice is pure because it comes from a spring-fed lake. It is clear, as crystal and looks like a health resort. Call up 10 and 13, Illinois, or 616 Bell for **PURE** ice.

RACING MATINEE

USUAL CROWD AT FAIR GROUND, THURSDAY AFTERNOON

Good Card Offered—Minimum Won Free-for-All—Good Drive by Henry—Music Furnished by Woodson Band—Other Events.

The regular matinee of the Jacksonville driving club was attended by the usual crowds Thursday, and a good card was presented. The races were started promptly at 1:30 and no delays were experienced between heats as there have been heretofore. Although there were five races on the program they would have been concluded early had it not been for the 9:30 pace. This proved the " Jonah" of the matinee.

Golden Chief, owned by Anderson, was among the starters, and refused to score properly. Time and again they tried until the patience of the starters, drivers, and everybody else was taxed to the extreme. Golden Chief is a fast traveler when she does get away, but is exceedingly hard to start. The race was called at about sundown with two heats to the credit of Robert Whately, Cleary's horse, and one each to Motor, Jr., and Golden Chief. The money was divided equally.

The Woodson band furnished music for the occasion and was accorded a warm reception. They gave general satisfaction.

The officials of the matinee were: Judges, J. W. Woods, Henry Scott and C. F. Corrington; timers John Cleary, O. C. Henry and Frank Hufaker; starter, A. D. Arnold.

The race by heats were as follows:

9:30 TROT.

First heat—There were four starters in the 9:30 trot. John Murphy (Lohman), drew the pole, Effie (Massey, Siber up) second, Nellie (Craig) third, Gray Kate (Wright, Anderson up) on the outside. They scored several times before they got away, and the race around the back stretch was between John Murphy and Effie. Nellie broke approaching the three-eighth, and Effie took the heat, Nellie second, Murphy third, Gray Kate fourth. Time, 1:10 1/4.

Second heat—Gray Kate was drawn and they were off the third time. Effie led to the back stretch, but shied and broke and was out of the heat. Craig drove his mare up, Lohman's horse broke in the stretch, and they finished strong out, Nellie first, Murphy second, Effie third. Time, 1:15.

Third heat—They were off the first time. Nellie and Murphy both broke at the first turn. Nellie caught handily, but Lohman's horse was long in settling. Nellie led all the way around, and although Effie trotted easy, without a skip, she could not head the Craig horse, which finished a nose ahead, making an exciting conclusion to a slow heat. Effie second, John Murphy third. Time, 1:18.

Fourth heat—The fourth heat of the 9:30 minute trot was the last. They were off the second time. Nellie lost a boot and broke, but caught handily. Murphy broke and dropped far behind and Effie broke at the three-eighth, giving Nellie the heat and race, second money to Effie, John Murphy third. Time, 1:17 1/2.

Summary—Three in five.
Robert Whately, Jr. (Clary) 1 3 4 1 2
John Murphy (Lohman) 3 2 3 3
Effie (Siber) 1 1 1 1 1
Nellie (Craig) 2 1 1 1 1

Called on account of darkness.

Time—1:10, 1:15, 1:18, 1:17 1/2.

3:00 PACE.

First heat—There were three starters in the fourth race. Prince Roland (Vosseller) drew the pole, Minimum (Henry) second, Bess C. Woods (Massey up) third. It took three starts to get away, and it was a fine race to the back stretch. Bess C. broke, but caught handily, and kept with the others. Prince Roland and Bess broke as they approached the three-eighth and came under the wire running. Minimum was first, Bess C. second, Prince Roland third. Time, 1:10.

Second heat—Two starts got them off, and Bess led to the back stretch, showing splendid speed. She broke and was passed by Minimum, who got a good lead before Bess settled. Prince Roland also broke and they came in Minimum first, Bess C. second, Prince Roland third. Time, 1:16.

Third heat—Hufaker drove Vosseller's horse in the third heat. They were off on the second trial, and Bess C. took the lead. Vosseller's horse went around under Hufaker's driving in a run, trot, canter and anything but a pace. Bess C. broke in the back stretch, and although she showed good speed, could not make up. Minimum won the heat and race. Second money to Bess C. Time, 1:15.

Summary—Three in five.
Nellie (Craig) 2 1 1 1 1
Effie (Siber) 1 1 1 1 1
John Murphy (Lohman) 3 2 3 3
Gray Kate (Wright, Anderson up) 1 1 1 1 1
Time—1:10, 1:15, 1:18, 1:17 1/2.

3:00 PACE.

Four horses started in the 3:00 minute pace. Kittie Cloud (Tribble, Anderson up) drew the pole, McKinley (Woods, Geo. Woods up) second, Little Easter Hal (Biggs, Massey up) third, Easter Hal (Biggs, Massey up) on the outside. Easter Hal broke at the first turn and entered the back stretch abreast of Kittie Cloud. Little Tanner led to the three-eighth, but broke there and McKinley took the heat. Tanner second, Easter Hal third, Kittie Cloud fourth. Time, 1:12.

Second heat—They got away the third time. Kittie Cloud broke after leaving the wire and McKinley broke at the turn, and was long in settling. Little Tanner and Easter Hal chased each other to the wire, with too big a lead for McKinley to overcome, although Woods drove a good race and cut down the distance to about half from the back stretch home. Easter Hal broke at the finish and Tanner took the heat. Easter Hal second, McKinley third and Kittie Cloud several rods behind. Time, 1:12.

Third heat—They got off in good shape the fourth time. Tanner broke at the first turn and was out of it. Easter Hal and McKinley made a great race in the back stretch, first the one and then the other in the

lead. Hal broke at the three-eighth and fell back to second place. Tanner showed his speed and came in third, Kittie Cloud fourth. Time, 1:14.

Fourth heat—They were off the second time down. It was a hot race all the way around. The finish was one of the finest exhibitions seen on the local track this year. McKinley, Easter Hal and Little Tanner went under the wire together, making it all appear a dead heat. McKinley seemed to have the advantage, however, and was given the heat and race. Easter Hal second, Little Tanner third. Second money to Tanner. Time, 1:13 1/2.

Summary—

Three in five.
Kittie Cloud (Tribble) 1 3 2 1 1
Little Tanner (Bergschneider) 2 1 2 1 1
Easter Hal (Massey) 3 2 3 3
Kittie Cloud (Anderson) 4 4 4 4
Time—1:12, 1:12, 1:14, 1:13 1/2.

2:30 PACE.

First heat—There were four entries in the 2:30 pace. Motor, Jr. (Clary) drew the pole; Golden Chief (Anderson, B. Anderson up) second, Robert Whately, Jr. (Clary) third, Tucker (Vosseller) fourth. Anderson's horse acted badly and refused to start, but they finally got away. Tucker and Golden Chief both broke, and Robert Whately and Motor, Jr., had a hot race. They sawed for position at the finish, Robert Whately winning by a neck. Motor, Jr., second, Tucker third, Golden Chief fourth. Time, 1:11.

Second heat—Anderson's horse still refused to start properly and after scoring a dozen times they were given the word before Golden Chief was ready, and Anderson pulled her out of the heat. The others finished Motor, Jr., first, Tucker second, and Robert Whately third. Time, 1:10.

Third heat—Anderson's horse was still acting badly, but they finally got off after a tiresome delay. Whately went up at the first turn and was out of the heat. Golden Chief and Motor, Jr., had a hot race, and although Golden Chief had a good lead Motor was heading him, but broke at the three-eighth, giving Golden Chief the heat. Motor, Jr., second, Tucker third, Golden Chief fourth. Time, 1:12 1/2.

Fourth heat—After several vain attempts to get away in the approaching darkness they were given the word. Bob Whately, Jr., took the heat, Motor, Jr., second, Tucker third, Robert Whately fourth. Time, 1:12 1/2.

Summary—

Three in five.
Motor, Jr. (Clary) 1 3 4 1 2
Golden Chief (Anderson) 4 1 2 1 1
Tucker (Vosseller) 3 2 3 3
Called on account of darkness.
Time—1:11, 1:10, 1:12 1/2, 1:12 1/2.

*Golden Chief failed to start.

FREE-FOR-ALL PACE.

First heat—There were three starters in the fourth race. Prince Roland (Vosseller) drew the pole, Minimum (Henry) second, Bess C. Woods (Massey up) third. It took three starts to get away, and it was a fine race to the back stretch. Bess C. broke, but caught handily, and kept with the others. Prince Roland and Bess broke as they approached the three-eighth and came under the wire running. Minimum was first, Bess C. second, Prince Roland third. Time, 1:10.

Second heat—Two starts got them off, and Bess led to the back stretch, showing splendid speed. She broke and was passed by Minimum, who got a good lead before Bess settled. Prince Roland also broke and they came in Minimum first, Bess C. second, Prince Roland third. Time, 1:16.

Third heat—Hufaker drove Vosseller's horse in the third heat. They were off on the second trial, and Bess C. took the lead. Vosseller's horse went around under Hufaker's driving in a run, trot, canter and anything but a pace. Bess C. broke in the back stretch, and although she showed good speed, could not make up. Minimum won the heat and race. Second money to Bess C. Time, 1:15.

Summary—

Three in five.
Nellie (Craig) 2 1 1 1 1
Effie (Siber) 1 1 1 1 1
John Murphy (Lohman) 3 2 3 3
Gray Kate (Wright, Anderson up) 1 1 1 1 1
Time—1:10, 1:15, 1:18, 1:17 1/2.

John Murphy (Lohman) 3 2 3 3
Gray Kate (Wright, Anderson up) 1 1 1 1 1
Time—1:10, 1:15, 1:18, 1:17 1/2.

3:00 PACE.

First heat—There were three starters in the fourth race. Prince Roland (Vosseller) drew the pole, Minimum (Henry) second, Bess C. Woods (Massey up) third. It took three starts to get away, and it was a fine race to the back stretch. Bess C. broke, but caught handily, and kept with the others. Prince Roland and Bess broke as they approached the three-eighth and came under the wire running. Minimum was first, Bess C. second, Prince Roland third. Time, 1:10.

Second heat—Two starts got them off, and Bess led to the back stretch, showing splendid speed. She broke and was passed by Minimum, who got a good lead before Bess settled. Prince Roland also broke and they came in Minimum first, Bess C. second, Prince Roland third. Time, 1:16.

Third heat—Hufaker drove Vosseller's horse in the third heat. They were off on the second trial, and Bess C. took the lead. Vosseller's horse went around under Hufaker's driving in a run, trot, canter and anything but a pace. Bess C. broke in the back stretch, and although she showed good speed, could not make up. Minimum won the heat and race. Second money to Bess C. Time, 1:15.

Summary—

Three in five.

BOX CAR BODIES FOR SALE.

They make the best wheat and oats

granaries. Good for shop or other

outbuilding. No better corn crib. So

strong if storm blows over can be re-
placed on foundation, no worse forthe fall. Delivered on your farm and
set on foundation for \$35.00 to \$50.00according to size, condition and num-
ber you buy. Farmers in Jersey,

Greene and Pike counties have found

them cheap and useful enough to pur-
chase as many as half a dozen for one

farm. One lumber, grain and coal

Dealer owns eight, which is certain

evidence that these cars are cheaper

and more substantial than you can

build. Good note same as cash. Spe-
cial salesman on ground every Saturday,

11 a. m. to 3 p. m.; at storage

yards (Portuguese hill) about 1 mile

north of Jacksonville. If you will ex-
amine these cars before building you

will buy and not build. Man in charge

resides at yards and will show you

cars any time. Telephone 072.

RAILROAD NEWS NOTES**Another Burlington C. P. & St. L. Story—Work Suspended on Out Off—Items of Interest—Personal Mention.**

It is now rumored in railroad circles that the Burlington has already purchased the C. P. & St. L. track between this city and Havana and that the contract was signed last Monday. The "Q" is widening the Narrow Gauge road between Havana and Galesburg and all the frogs and switches which are being replaced on the Jack line are being sent to Galesburg to be used on the Narrow Gauge. If the Burlington purchases the C. P. & St. L. Jacksonville will be on the St. Louis division, as the St. Louis trains will be routed from Galesburg to Havana over the Narrow Gauge, from Havana to Jacksonville over the C. P. & St. L. branch and from here to Litchfield over the Jack line. The trains will then be transferred to the L. & M. tracks and will then run directly into St. Louis instead of over the track from Concord south by way of Chapin. When the "Q" gains control of the C. P. & St. L. the shops will be removed to this city from Beardstown. The division offices will also be removed here from Beardstown and this city will then be division headquarters. Beardstown is making a hard fight to retain the shops and offices, but if the "Q" has purchased the C. P. & St. L. they will more than likely be removed here.

(o)—

The best reform governor after all is the one who stays at home and administers reforms in the confines of his own jurisdiction. The chautauqua is getting to be a source of temptation to which too many public men are yielding. It would seem that any man who was serving as governor of a great state like Wisconsin and who has been elected to the upper house of congress could find business enough at home without lecturing on "Hamlet" and other subjects of a profound character. The Wisconsin reformer may not do business with the railroads, but we guarantee he gets a big slice of the gate receipts for telling the dear people how to attend work again.

(o)—

The work of laying the eighty pound steels between Roodhouse and Murrayville on the Alton is progressing rapidly and will be finished in ten or twelve days.

(o)—

The Wabash railroad will soon begin the macadamizing of West Lafayette avenue along the south side of their new freight depot, which will reach from the west side of North Main street to the west side of North Sandy street. The street at North Main street will be thirty feet wide and will gradually grow wider being forty-five feet wide at North Sandy street. The material used will be fine stone and will be about sixteen inches deep.

(o)—

Engine No. 1171, pulling the Burlington gravel train died on a switch in the south yards Wednesday. It was put in running order again without much delay.

(o)—

R. C. Scheneltz, of the Burlington engineering gang, has been given a place as assistant division civil engineer with headquarters at Beardstown town.

(o)—

W. A. Card, trainmaster for the Burlington, was in the city Wednesday evening.

(o)—

L. E. Hitchcock has taken a place as timekeeper for the Burlington to succeed James Walsh of this city, who has been transferred to Mansfield.

(o)—

Several cans of fish were left in the city yesterday for various parties by the United States fish commissioners, whose car was attached to Wabash passenger train No. 22. They also carried twelve barrels of fish for the Berlin fish fry Friday and Saturday.

(o)—

J. E. Scott, cashier of the Alton freight house, is spending three days in Kansas City with friends.

(o)—

Francis Brothers' Electric Theatre company was carried to Berlin by Wabash passenger train No. 22 Thursday, where they will play Friday and Saturday.

(o)—

There is a rumor in Alton circles that Supt. E. Ryder is soon to leave the service of the company. It is understood that he and the general manager do not agree.

(o)—

Wabash passenger train No. 22 was delayed about 45 minutes in this city Thursday by a heavy baggage run.

MAIN'S BIGGEST WILLOW.

The biggest willow in the state is at Norridgewock. It measures twenty-three feet in circumference at the base and has a ponderous spreading top. Its largest diameter is a little more than eight feet. The age of the tree is about 100 years.

The tradition is that a man traveling from New Hampshire on horseback stopped to give his horse water there and stuck his whip, which was a small willow twig, in the ground and forgot to take it.—Bangor News.

ILLINOIS NEWS ITEMS**Two Crops of Potatoes in Pike County—Prehistoric Find in Cass County—Hospital Dedicated to Canton—Other Notes.**

Bull Enterprise: Daniel Caffery, living south of town, planted a large piece of ground in potatoes this spring, but the dry weather in June killed the tops and thus stopped their growth. Mr. Caffery dug his crop and put them in his cellar, where they are keeping nicely. After the crop was dug he conceived the idea that it was yet June and that there was plenty of time for another crop of Murphies to mature before frost. So he plowed the ground again where the first crop grew and planted it again in potatoes. The second crop is growing nicely and now has the appearance of producing a larger crop than the first one. If this second crop matures properly it will be the first time in the history of the western part of Pike that two crops of potatoes have been grown on the same piece of ground in one year.

Beardstown Enterprise: A mammoth tooth weighing $\frac{3}{4}$ pounds and measuring 21 inches in circumference was brought to this city Saturday by Jacob White, who resides three and one-half miles northeast of Bluff Springs, and is supposed to have belonged to a mastodon or mammoth. If the animal which at one time possessed this tooth had a body in proportion to the tooth it surely must have been a monster.

Canton: Two venerable maiden ladies by the name of Graham, of Canton, Ill., have made the city of Canton a donation of \$15,000 city property besides the site for a city hospital and the city has accepted the proposition. The conditions were that the city should raise an endowment fund of \$20,000 and set aside five rooms in the hospital for free use of those not able to pay. Some \$10,000 has already been subscribed.

OPERATOR KILLED AT BUDA.

Buda: The mangled remains of William L. Person, night operator for the Burlington, were found alongside the track about a hundred yards from the depot. The manner of his death is not

known as there were no eye witnesses, but it is presumed he had dropped the semaphore to accommodate a brakeman who was riding back on the through freight, when he fell beneath the wheels.

BOYS' BODIES IN A CAR.

Watseka: Wedged in between huge pieces of lumber and the end of a steel coal car of the C. & E. I. railroad were found the bodies of two boys apparently 12 and 14 years of age. There was nothing to identify them. The lumber had slipped, crushing their lives out. They had been dead for some days as the bodies were in a bad state of decomposition.

NATIONAL AND STATE OFFICERS.

We are frequently asked to give a list of the cabinet officers and sometimes a list of the head officers of the state of Illinois. The members of the cabinet are as follows:

Secretary of State—Elihu Root.

Secretary of the Treasury—Leslie M. Shaw.

Secretary of War—William H. Taft.

Secretary of the Navy—Charles J. Bonaparte.

Attorney General—William H. Moody.

Postmaster General—George B. Cortelyou.

Secretary of the Interior—Ethan A. Hitchcock.

Secretary of Agriculture—James Wilson.

Secretary of Commerce and Labor—Vinton H. Metcalf.

Of Illinois: the lieutenant governor is Lawrence Y. Sherman; secretary of state, James A. Rose; auditor, James S. McCullough; treasurer, Len Small; attorney general, William T. Stead; state superintendent of public instruction, Alfred Bayless.

It is essential in the proper management of every case of labor; it relaxes and softens the abdominal muscles, thereby enabling them to sustain the stretching that they must undergo, and from this very fact it facilitates their return to normal proportions after childbirth, and it is obvious that pain must be greatly lessened from this very reason.

It is pleasant, it is harmless, it is painless, it is priceless in its results, it is safe, it is a friend.

TENTH ANNUAL

Ebenezer Chicken Fry Held Thursday—Large Crowds Gathered to Many From This City Attended.

The tenth annual chicken fry of the Ebenezer church was given on the church lawn Thursday evening, and was as usual largely patronized. The event was under the management of the ladies of the Aid society of the Ebenezer church, and they were assisted by the entire neighborhood, dozens freely offering their assistance in preparing for the supper and caring for the multitudes.

The Ebenezer chicken-fries always draw large crowds from this city, and such was the case last evening. Although there were many attractions nearer the city, hundreds drove singly or in parties. Everything that could contribute to the pleasure of the crowds was prepared by the good ladies of the church, and the sumptuous supper was served between the hours of 5 and 10 o'clock, while all during the evening ice cream, cake and lemonade were dispensed. A neat sum was realized from the supper.

The grounds were brilliantly lighted with acetylene lights furnished by C. E. Blackburn, and presented an attractive appearance.

THE PROCEEDINGS.

The officers of the Aid society are as follows: President, Mrs. A. E. Williamson; vice president, Mrs. Charles Patterson; secretary, Miss Nettie Williamson; assistant secretary, Miss Nannie Daniels; treasurer, Mrs. G. D. Blackburn.

HAY RIDE.

Among the parties which drove from this city to enjoy the chicken-fry was one composed of sixteen young people as follows: Miss Zella Daub, Patti Whitlock, Hester Mosely, Tomlinson, Clark, McEvans, Thompson and Jackson, Will Simpson, Messrs. Davis, Carl Richards, Tom Butler, W. F. Ogle, Walter Brunk and Arthur Cody. They left this city about 6:30 and arrived on their return before midnight.

FOR THE HOUSEWIFE**Care of Pillows and Mattresses.**

Feathers should be taken from the ticking once a year and put in a clean sheet and sunned for four or five days.

Care must be taken when changing them or many will be lost. The best way is to take the pillows into a room close tight, tie them up and take them out into the sunshine. Women will save themselves the difficult task of plucking small feathers down from their hair, where it is bound to stick while they are emptying the cases, as they wrap towels around their heads.

After four days in the hot summer sun the feathers should be as elastic and crisp as new unless they are broken and old, in which case the best thing to do is to burn them.

An inexperienced woman should be warned against buying freshly plucked feathers, for they all contain some animal matter in the quills until properly cured, and this substance will breed vermin.

One way to tell when the feathers are old and dirty is by the way moths hover around the pillows, and any woman who constantly sees little moths flying around her bedding should take warning. Clean the feathers and put them in new cases, and moths will disappear as pillows are improved.

Laundry Hints.

Flannels and woolens should not be touched with a very hot iron.

Linen will be made snowy white by dropping a little refined borax in the water.

Blankets and flannel garments should not be wrung out, but allowed to drip, and not in the sun.

In washing, the flannels should be attended to first, then muslins and fine pieces, while towels, dusters, and rougher things should be left until the last.

A teneup of salt to every bucket of water will prevent dye running or fading from colored articles.

CITY COUNCIL**SHORT SESSION HELD THURSDAY EVENING**

Public Pavement Hearings Ordered on West North Street and Franklin Street—Interurban Road Granted Extension of Franchise—Retopping of South Main and East State Streets.

would take the matter up of their own accord and probably provide for retopping of the street at the expense of the property owners without causing the usual costs.

The report of the board was adopted on motion of Ald. Ticknor.

The report of the Diamond Grove cemetery commission was read and placed on file.

The finance committee then reported on the coal bids for heating the city hall and the contract was awarded to J. M. Mitchell at \$2,03.

The report of the highway committee on the matter of the switch of the Jacksonville Street Railway on South Main street was read and ordered placed on file.

Ald. Goveia of the light committee reported in the matter of lights on Reid street and North Church street and the report was received and placed on file.

The light committee reported that the contract for coal for furnishing fuel to the city light plant had been let to Harrigan Bros., but that the former was unwilling to make a contract for the same and that an agreement had been reached between J. W. York and Harrigan Bros. whereby the contract would be signed by the former and the committee awarded the contract to J. W. York for \$1,784.

The sanitary committee reported on the matter of the city dumping ground, stating that it was in a very bad condition. They favored paying Mr. Collins, the present overseer, \$10 to cut the weeds and clear the place up, and allow him 25¢ a load on all trash dumped there, and \$1.50 for burying dead horses. Report adopted.

The water committee reported that the coal contract for the water works had been awarded to J. M. Mitchell for \$2,082. Report accepted.

Ald. McGinnis of the special committee appointed to consult with the county commissioners regarding the Wabash subway, reported that arrangements were pending for a joint meeting next week and that the council committee was awaiting the pleasure of the county commissioners in the matter.

The special committee on street signs reported in favor of the sample sign, submitted by S. A. Armstrong for 1037 plates at 4¢ per plate. Signs to have wood back and brass tacks. Other bidders were George Rodriguez, Henry McDonald, A. J. Roberts of Detroit, Mich., and J. J. Mulvaney.

The report of the committee was concurred in unanimously.

The clerk read a petition from the Alton, Jacksonville & Peoria interurban road asking that the time limit for the acceptance of the franchise recently granted the road be extended sixty days, setting forth the reasons as published in the Journal Aug. 17, and a resolution was introduced by Ald. Ticknor granting the extension, and the same carried.

The clerk read an ordinance providing for the retopping of South Main street from the square to College avenue. Laid over under rules.

The clerk read an ordinance providing for the retopping of East State street from the square to Clay avenue. Ald. Johnson moved the motion was lost. Alds. Kennedy, Higgins, McGinnis and Goveia voting no. Laid over under the rules.

The clerk read a communication from the Jacksonville Street Railway company announcing their acceptance of the franchise for the extension of their line on East State street. Received and placed on file.

The council then adjourned.

SHREWD IN MYSTERY.

The police are at work on a case that is shrouded in mystery, but which may have some sensational developments. Some boys playing in Broadway alley near West College avenue discovered a jar which apparently contained the body of a child of premature birth. The matter was reported to the police and the jar and contents were taken in charge and is now in the custody of an undertaker. The size of the body of the child evidenced a period of about four months gestation and how the body came to be where it was found, is the mystery the police sleuths are trying to solve.

CENTRAL PARK CONCERT.

Jeffries Concert band appeared in another free concert in Central park last evening and was heard with pleasure by a large crowd. The different selections offered were received with the usual approbation.

CARD OF THANKS.

Mrs. Stigall takes this means of expressing her sincere thanks to all the friends and neighbors who so kindly assisted during the sad death of her husband.

GOLF NOTES.

A telegram was received from the Hannibal Country club Thursday afternoon stating that it was impossible for their team to come Friday, but would come on a later date.

Hon. and Mrs. Mark L. DeMotte, of Valparaiso, Ind., are visiting at the home of Mr. and Mrs. Truman Carter.

QUICK RELIEF FOR ASTHMA SUFFERERS.

Foley's Honey and Tar affords immediate relief to asthma sufferers in the worst stages and if taken in time will effect a cure. Sold by J. A. Obermeyer, City drug store.

GOOD REASONS

Why Every Woman Should Wear Our

SARATOGA MONEY MAD

Gates and Drake Play Golf at \$1,000 a Hole.

Judge D. K. Watson of Ohio, formerly a member of congress, tells the story of how he called one day on James G. Blaine to ask him to make a speech at Lancaster, O. Mr. Blaine became reminiscent when he heard the name of the town.

"I taught school once at Lancaster when I was little more than a boy," he said. "It was a summer school, and one hot day, when half of my pupils were asleep and the

Golf at a thousand dollars a hole, at a hundred dollars a point, poker with no limit and side bets on every street as to the number of the next trolley car that comes along or tomorrow's weather—that is the kind of money madness that has got a death grip on Saratoga, says a special dispatch to the New York Journal.

Plungers like John W. Gates and John A. Drake, not content with gigantic stakes on the races and poker games, made their mornings interesting by playing golf for a thousand dollars a hole. Now and then they switch to tennis at a hundred dollars a point, which runs up into the thousands for a set. And the rest of the crowd follows according to their means.

The flush times in California when men played poker for gold mines, the feverish nights at Monte Carlo, where aristocrats gamble away princely birthrights, are both eclipsed by the money mania that has broken out at Saratoga this season. The craze follows the clock all the way around.

Get up in the morning and go down to the springs, and you will find a couple of millionaires betting each other that the first car to come along will have an odd or even number.

Walk out to the golf links, and you will see John W. Gates and John A. Drake, his substantial shadow, inking tracks on the dewy grass and cutting divots out of the fair green with prodigious strokes of brassies and irons.

And every one of those strokes means about a hundred dollars, for when Drake and Gates play they lay a thousand dollars a hole.

If either should get eighteen straight holes the sum of \$18,000 would straighten hands, but as they are tolerably matched it is rare that more than three or four thousand dollars is won or lost. Of the two, Drake plays the better game, but Gates gets a handicap which squares things up.

The caddies on the course are growing prosperous, and as soon as the golf craze spreads to the bookmakers, gamblers and the other elite of the place no caddy will be worth purchasing.

On the tennis courts, which are numerous in the handsome gardens of retired plungers along the elm shaded avenues, tennis is indulged in every morning before begins the respondent parade to the race track.

Here money changes owners almost as fast as it does at the track, while spectators on the streets pause to make side bets as to the outcome of the particular game they happen to be watching.

If you walk from the United States or the Grand Union hotel down the main street after dinner you will see knots of men grouped around pairs of plungers who are betting on the population of the town, the age of the nearest elm tree, the hour the sun sets, the color of the next horse to round the corner or the name of the conductor that will bring in the next Saratoga special.

And every bet is a big one. Saratoga is not the home of the plunger, although that variety of gambler is plentiful about her streets.

Since the death of William C. Whitney, Gates is the most important personage in the village, ranking even higher than Canfield, George Wheelock and other prominent citizens in the summer colony.

One day while he was speaker, when so attired and accompanied by Congressman Hitt of Illinois, he was overtaken by Mr. Lessor, who, it will be remembered, defeated Perry Belmont for congress in his famous "wash boiler" campaign.

Lessor was not very popular with the speaker, or, indeed, with any of his colleagues in the house, so when he familiarly said to Mr. Reed, "Ah, there, Mr. Speaker, you think that you are at the seashore, I presume," referring, of course, to his costume, the speaker turned to him and said: "Yes, yes. Join us, and we will have a bored walk."—Boston Herald.

Ripe Old Age.

The Hon. Jim Cochran is retelling a story illustrating the great age that people attain in the bracing air of the Adirondacks. It comes from a party of hunters who had been in the mountains deerstalking.

In a rather wild part of the country the party came across a log cabin.

At the door was standing an aged native of the Rip Van Winkle sort.

One of the gunners, after a short talk, asked him how long his father had been dead.

"Father dead?" the old man replied in a tone of surprise. "Father ain't dead. He's in the back room puttin' grandfather to bed."—Buffalo Times.

Wasted His Time.

Attorney William S. Barnes has a new office boy. The last boy with whom he was associated resigned a few days ago because the law business did not suit his temperament.

"How long have you been here?" asked Barnes when the small boy made known his intention to engage in a different vocation.

"Six months," replied the boy.

"And you don't like the law business?"

"Naw, it's no good, and I'm sorry I learned it."—San Francisco Chronicle.

CONDENSED STORIES.

How Blaine Came Near Thrashing the Sherman Boys.

Judge D. K. Watson of Ohio, formerly a member of congress, tells the story of how he called one day on James G. Blaine to ask him to make a speech at Lancaster, O. Mr. Blaine became reminiscent when he heard the name of the town.

"I taught school once at Lancaster when I was little more than a boy," he said. "It was a summer school, and one hot day, when half of my pupils were asleep and the

Thousands of Women

ARE MADE WELL AND STRONG

Success of Lydia E. Pinkham's Vegetable Compound Rests Upon the Fact that It Really Does Make Sick Women Well

Thousands upon thousands of American women have been restored to health by Lydia E. Pinkham's Vegetable Compound. Their letters are on file in Mrs. Pinkham's office, and prove this statement to be a fact and not a mere boast.

Overshadowing indeed is the success of this great medicine, and compared with all other medicines and treatments for women are experiments.

Why has Lydia E. Pinkham's Vegetable Compound accomplished its widespread results for good?

Why has it lived and thrived and done its glorious work for a quarter of a century?

Simply and surely because of its sterling worth.

The reason no other medicine has even approached its success is plainly and positively because there is no other medicine in the world so good for women's ills.

The wonderful power of Lydia E. Pinkham's Vegetable Compound over the diseases of woman kind is not because it is a stimulant—not because it is a palliative, but simply because it is the most wonderful tonic and reconstructive ever discovered to act directly upon the uterine system, positively curing disease and displacements and restoring health and vigor.

Miraculous cures are reported from all parts of the country by women who have been cured, trained nurses who have witnessed cures, and physicians who have recognized the virtue in Lydia E. Pinkham's Vegetable Compound, and are fair enough to give credit where it is due. If physicians dared to be frank and open, hundreds of them would acknowledge that they constantly prescribe Lydia E. Pinkham's Vegetable Compound in severe cases of female ills, as they know by experience that it will effect a cure.

Women who are troubled with painful or irregular menstruation, backache, bleeding (or flatulence), leucorrhœa, falling, inflammation or ulceration of the uterus, ovarian troubles, that "bearing-down" feeling, dizziness, faintness, indigestion, nervous prostration, or the blues, should take immediate action to ward off the serious consequences and be restored to health and strength by taking Lydia E. Pinkham's Vegetable Compound. Anyways, write to Mrs. Pinkham, Lynn, Mass., for advice. It's free and always helpful.

Devoted Mother.

Every one knows how devotedly the mother bird cares for her young while they are nestlings. She never leaves them alone long at a time and cares for them in the tenderest way. It was, however, a surprise to watch a mother the other day when the weather was dreadfully warm. When the sun shone on the nest the mother hovered over it with wings and tail spread wide. When it was hottest she sat forward on the nest, spreading her tail feathers until the white tips of them shone. Then she kept up a constant quivering, fanning her wings and tail to give protection to the frail midgets in the nest. This mother was a hümming bird.

The Cannon Ball Tree.

This is native of New Guinea. It grows to the height of sixty feet, and its flowers are remarkable for their beauty and fragrance. The blossoms are of the richest crimson, appearing in large bunches. The fruit resembles enormous cannon balls; hence the name. Some say the name comes from the noise the fruit makes when it falls.

Medicated, deodorizing, fragrant. Multitudes of women say Harfina has no equal for every purpose of toilet, bath and nursery. It is a delicate skin food, all hair growing makes healthy scalp, rosy skin and beautiful hair. Large 25c. cakes, druggists. Ask for Harfina Soap and Harfina Cream. Harfina Soap kills scalp, kills dandruff, germs, stops hair falling, removes dandruff. Harfina Cream stops hair falling, removes dandruff, germs, stops hair falling, removes dandruff. CONSUMPTION THREATENED.

C. Unger, 211 Maple street, Champaign, Ill., writes: "I was troubled with a hacking cough for a year and I thought I had consumption. I tried a great many remedies and was under the care of physicians for several months. I used one bottle of Foley's Honey and Tar. It cured me and I have not been troubled since. Sold by J. A. Obermeyer, City drug store.

DEATH RECORD

STRANG.

Word has been received in this city of the death of Mrs. Nellie Kitner Strang at her home in New York city. The deceased was a former resident of this city and is well known as the daughter of Mr. and Mrs. Nat Kitner. She is survived by her parents, husband and one brother, Eugene Kitner, of St. Joseph, Mo.

RAWLINGS.

Mrs. Sophia Rawlings died at the Post Graduate hospital in Chicago Friday night, Aug. 11. The deceased was an old and well known resident of this city. She was a faithful member of the African M. E. church. She is survived by three sons, Jerome, of Jacksonville; Walter and Will of Chicago, and one daughter, Mrs. Alice Plummer, also of Chicago.

MOORE.

The infant child of Mr. and Mrs. Daniel Moore died Thursday afternoon at 3 o'clock.

The funeral will take place Friday afternoon at 2 o'clock at the residence, 307 Hooker street.

SALEM LUTHERAN CHURCH MISSION FESTIVAL

The Salem Lutheran church will celebrate its annual mission festival Sunday. Three services will be held. The German service in the morning will be in charge of Rev. H. Schwammeier, of Neelyville. In the afternoon Prof. J. Herzer, of Concordia seminary, at Springfield, will preach the English sermon. In the evening Rev. Berg, of Beardstown, vice president of the Illinois District Lutheran Synod of Missions will deliver in the English language a lecture on missions. Special singing in all services by Mrs. Robert Stice, accompanied by Prof. C. Bruening. Special collections will be taken for home and foreign missions. All welcome.

INQUEST HELD.

Coroner T. L. Crowder, of Macoupin county, held an inquest over the remains of Benjamin Bradac, who was killed in Carlinville Monday, and the jury returned a verdict the deceased met his death by jumping from a moving Alton train. The railroad was exonerated from all blame.

The funeral services were held in Carlinville Wednesday morning at 9 o'clock at St. Joseph's Catholic church and the interment took place there.

FUNERAL OF ROBERT SAYRE.

Funeral services were held over the remains of Robert Sayre, who had his limbs cut off by an Alton train No. 23, in Tullahoma Tuesday night in Tullahoma Tuesday night, Thursday afternoon, and the interment took place there.

BIRTHDAY SURPRISE.

The friends of William Standish of South West street treated him to a pleasant surprise Thursday on the occasion of his twenty-ninth birthday. The following persons descended upon his home at about 8 o'clock: Mr. and Mrs. Will Dobson and children, Mr. and Mrs. George Greenler, Mr. and Mrs. Fred Schoppe, Mr. and Mrs. Ed Schwaberg, Mr. and Mrs. J. A. Walters, Miss Kate Walters, William Walters, Henry Walters, Thomas Woodman, Misses Selma and Nellie Swanson. Light refreshments were served and music and dancing were enjoyed until a late hour.

FAMILY GATHERING.

A reunion of the Johnson family was held at the old home place of Rev. H. L. Johnson, 3 1/2 miles west of Murrayville, now owned by John Thinday. A more extended account will appear later.

BRIDGE COLLAPSED

Wire Structure in Mildred Park Springfield, Gave Away, Throwing 150 People Into Deep Water.

Springfield, Ill., Aug. 17.—At Mildred park, a suburban resort south of this city, a wire-woven bridge, which spans the lake, suddenly collapsed yesterday afternoon, when boys swayed it back and forth, precipitation 150 people into twelve feet of water. That none were drowned is miraculous. Men, women and children fought like mad as they clung to the wires and parts of the shattered bridge, struggling to escape death. Women and children were forced into the depths of water and heavy loss of life seemed imminent.

The presence of mind of a half dozen men in bathing at the time saved a score of lives. Buoys were hastened to the scene and the heads of the women and children held above the surface of the water until one by one they were rescued.

Women on the banks fainted. Cries of distress were heard on all sides, and there was excitement among the thousands of people gathered for an afternoon's outing. Strange to say, there were but few seriously injured. Two young women, Miss Lois Fox and Miss Celia Dillon, were caught in the tangled wires, and, for a few minutes, fought desperately to keep their heads above water. When the wires were cut and they were rescued, both swooned from pain and fright. They will recover. Each sustained a sprained ankle.

Deputy Sheriff George Smith went to Kansas City last evening for a visit.

Mrs. William Alexander went to Chicago Thursday for a visit with friends.

CROPS AND WEATHER

Weekly Bulletin Issued by Section Director Burns—Dearth of Precipitation.

The following is the weekly crop and weather bulletin issued Thursday by Section Director William G. Burns, of the Illinois section of the weather bureau. "While the temperature conditions have been favorable for plant growth, hot days and warm nights, there has been a marked dearth of precipitation in many localities, and growing crops were suffering for moisture, in parts of the central and northern districts, until the 13th, when a rain storm, believed to have been widespread over the state occurred, but it is not fully indicated in reports received. The conditions have been favorable for farm work and plowing and threshing are well advanced.

"Corn maintains a good condition in some sections but most correspondents report the need of rain and many reports of fire have been received. It is believed that the opportunity for rain will now assure a large crop.

"The threshing of oats is well advanced with generally favorable results.

"Wheat, rye and barley are yielding well. The second crop of clover is ready to cut. Meadows and pastures generally needed rain. Meager reports indicate a good condition of broom corn.

"The outlook for grapes is favorable. Melons are ripening in the northern district. Plums and blackberries are plentiful. Some apple orchards are bearing well, but this fruit is generally a failure.

"Potatoes are not yielding well, having been cut short, in many localities on account of lack of moisture."

BIRTH RECORD.

Born, to Mr. and Mrs. Harry Norris, at Our Savior's hospital, a son.

FELL DEAD.

Redwing, Minn., Aug. 17.—Rev. C. Lindell, pastor of the Swedish Lutheran church at Vasa, Minn., fell dead in a drug store here. He was on his way to Chicago to attend the funeral of his daughter, who had died in New Mexico.
